

NMRHA Derby Sire and Dam Program and Breeding Contract

Stallion Owners: Stallion owners donate 1 breeding which will then be sold for 1/2 the advertised stud fee (minimum \$500). Private treaty arrangements or deceased stallion contracts are sold for \$750. If the breeding is sold, the stallion owner is granted one Derby entry (either Open or Non Pro) (nontransferable) at 1/2 the entry fee (not including late penalty) for the current year. The stallion is also eligible for the Sire Jackpot.

Sire Jackpot: Open to stallions whose breeding was purchased during the current year, or who had paid into the sire jackpot annually when a service has not been donated. The annual eligibility for a stallion is \$100. Out of these stallions, the one who has the highest scoring offspring in either Open or NP Derby this year would take 1st place money (50% of the Sire Jackpot). Sire, 2nd highest would take 2nd place money (30% of the Sire Jackpot), 3rd highest would take 3rd place money (20% of the Sire Jackpot). Any money not awarded would go towards next year's Derby.

Mare owners may purchase a breeding for 1/2 the advertised stud fee of donated stallion (minimum \$500) by bidding on the sire auction or purchasing an unsold breeding after the auction ends. Private treaty arrangements or deceased stallion contracts may be purchased for \$750. Mare owners are responsible for all other expenses as per their agreement with the stallion owner (ie. Mare care, semen transport etc.) If, when the resulting foal reaches Derby eligibility age, this Derby is still in place, this resulting foal will be considered paid up for one division (either Open or Non Pro) in each year he is age eligible (not including late penalty). This right stays with the foal through all ownership transfers.
